SPECIFIC ADMISSION REQUIREMENTS FOR
STUDENT EXCHANGE PROGRAMS 2018-2019
BCI – UQAM

Specific admission criteria for some programs are listed in this document. The programs are indexed first by level of study (undergraduate and postgraduate) and then alphabetically. Exchange students can find all necessary and pertinent information to verify their admissibility at UQAM according to their desired program.

The overall cumulative GPA is based on a scale of 4.3 or 20 - based on the grading system in France. An equivalency chart for the other countries can be found at the end of the present document.

PROGRAM SELECTION
✓ The candidate must identify only one program of studies from a list of programs open to exchange students.
✓ The list of programs that are open to exchange students can be found on the BCI website – UQAM section.
✓ The program must be found in the drop down menu in the BCI form.
✓ In order to be admitted, candidates must be enrolled at their home institution in a discipline related to the identified program at UQAM.
✓ Certain programs have limited enrolment for exchange students. Information can be found in this document.
✓ Certain programs are unable to accept students for the full academic year or, on the contrary, only for the full academic year. Students could be admitted either for the Fall semester only or the Winter semester. Be sure to consider this when choosing a program of studies at UQAM and filling out the BCI form.

ADMISSION CRITERIA - GRADUATE STUDIES
✓ Certain Master’s programs require 16 years of schooling before participating in an exchange program with UQAM. The list of these programs can be found at the end of this document.

COURSE SELECTION
✓ The candidate must select courses from within the identified program. An application containing a course selection that does not conform to the program will be rejected.
✓ For further information about the courses, please refer to the section Étapes on the SRI website.

INTERNSHIPS AND RESEARCH SUPERVISION
IMPORTANT - Off-campus internships are not available for exchange students, and all research supervision must be assumed by the student’s home institution.
